

DUNBAR HEARING IN LIBEL SUIT IS SET FOR JUNE 18

Counsel for Defense to Get
Continuance; Finally Says
In Affidavit Desires Gov-
ernor as Witness

After a hard legal battle in which counsel for the defendant produced an affidavit to the effect that material witnesses were absent from the state, mentioning specifically Governor Thomas E. Campbell, the preliminary hearing of John A. Dunbar, charged with criminal libel, went over until June 18.

Justice De Souza granted the motion for a continuance after lengthy arguments by F. C. Struckmeyer for the defense despite the strenuous opposition of County Attorney L. M. Laney who held that the affidavit was defective in that it did not show honesty of purpose.

Counsel for the defense filed a demurrer to the complaint in which he held that the word "degenerate" to which Perry B. Milnes, secretary to Governor Campbell, took offense, was not libelous as used by the defendant. He declared that the innuendo set up in the complaint seeks to add to contempt and enlarge upon the language alleged to have been published concerning Mr. Milnes. He held that the publication did not naturally import or tend to accuse Mr. Milnes of the commission by him of certain acts implied in the complaint which he denounced for its "artificial language."

Wants to Study Decision
Mr. Struckmeyer then asked for a continuance until he could secure witnesses from Prescott and Miami and then made the assertion that the witnesses from out of the state was more other than the chief executive. He pointed out the fact that the supreme court had only recently handed down its decision in the Harris-Arizona Publishing company case, covering certain points of libel and that he had not as yet received a copy. He stated that he wished to read this decision, from which it is understood the county attorney will quote extensively during the course of the hearing.

Dismissing as absurd the matter of a demurrer to a criminal complaint in a preliminary hearing, County Attorney Laney took up the matter of a continuance, which he resisted. He declared the state ready to go to trial, holding that a continuance would not serve any useful purpose.

"The statement of counsel is not sufficient ground for a continuance," said Laney. "The defense has had ample time to get ready. The question is, is or is not the article published in Dunbar's Weekly libelous and should or should not Mr. Dunbar be held to the superior court."

Moment of Humor
The court ordered a recess until 2 o'clock when Mr. Struckmeyer was told to present his affidavit. When the affidavit was presented later in the day the county prosecutor held it was insufficient and not in accordance with the law in a single particular. He declared that it must set forth what the defense had been informed and what he believed the witnesses would testify, and held that the one submitted was entirely without merit.

A paragraph of the affidavit was not without its humor, and the laugh that went around the courtroom as it was read was the one moment in which the law was forgotten.

The affidavit is credibly informed and believes that if this case is continued a short period of time the said Thomas E. Campbell will return to the state of Arizona," said Mr. Struckmeyer.

"How much time do you want Mr. Struckmeyer?" asked the court.

The question then came up as to the time of the governor's return, and Mr. Milnes stated he had received a wire stating that Governor Campbell expected to be in El Paso on Saturday and he believed he would be in Phoenix on either Tuesday or Wednesday.

Justice De Souza suggested Friday, the thirteenth, as the date for the hearing but this did not meet the approval of the defense, and the date was finally set for June 18 at 10 o'clock a. m.

PLEADS GUILTY TO BOOZE MAKING CHARGE

George W. McDaniels pleaded guilty before Judge Stanford yesterday and will be sentenced at 9:30 o'clock Monday morning for violation of the liquor law.

McDaniels, who, after his arrest at a downtown hotel, led the officers to his still, which was established near Tempe, declared that he had made as much as seven gallons, but had not disposed of any of the whisky. A friend in California told him how to make the liquor, he said.

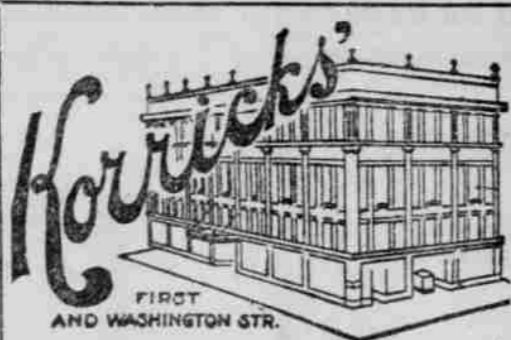

The defendant gave his age as 44 and said he had lived in the state for more than 20 years. His mother and daughter live in Tucson, he said. McDaniels at one time ranched in the valley and is alleged to be a man of means.

WHILE ILL, TOOK HIS PROPERTY, IS CHANGE

Claiming that the Hassayampa Creamery company wrongfully took possession of his property while he was ill, L. V. Smith yesterday filed suit against the company for the value of the property, which he estimates at \$12,704, for punitive damages of \$1,000, and for costs.

Smith claims that while he was at the St. Joseph's hospital in January, the defendant company "wrongfully and unlawfully took possession of his premises and unlawfully converted and appropriated his personal property," consisting of dairy cows and farm implements. He alleges that the defendant refuses to restore the same or to compensate him for the alleged wrong conversion or retention.

WIFE GETS DIVORCE—Given a divorce and the custody of her four-year-old daughter Cora, Mrs. Myrtle Kissel was released from marital bonds yesterday by Judge Lyman. Constant quarrels featured her married life with George Kissel, testified the wife, and witnesses corroborated her statements. The couple married in this city in 1912 and separated in the spring of 1918. Kissel is said to be in Chicago.
